local charities and causes in
our community.

About Us

Aldershot Lions Club is a service club proudly supporting the Burlington / Aldershot community. For over 50 years we have been members of the world's largest service organization Lions Club International. With nearly 1.35 million men and women in nearly 200 countries and geographical areas around the world, we are making a difference in local communities.

The goal of the Aldershot Lions Club is to interact with the community, raise funds and identify and support local needs. In fact over 80% of the funds we raise go directly to achieving this goal; the remaining funds support national and international causes. In many cases it is not our funds that are needed, but our involvement – helping families through difficult times, volunteering at local events, sitting on community boards and councils – in other words “We Serve”.

We are always looking for new members to join our club – people who are interested in supporting the needs of the Burlington/Aldershot community, who like to meet new people and who enjoy getting involved. In return, we promise interesting challenges and the satisfaction of knowing you've made a difference in someone's life.
